A free software for the transport industry

Montreal, September 24, 2001- Millogiciel Inc. is a Canadian company that has been conceiving software exclusively for the trucking industry since 1987.

Millogiciel is a world leader in the production of software's. Since 1987, Millogiciel has always offered new business solutions for the Industry. Millogiciel was the first Canadian Company to market an onboard computer (**ordinateur embarqué**).

Millogiciel innovates with MILLOARCHIVAGE(mc) an imaging solution that allows to digitize and to store all transport documentation. The documents are available for all within your organization and for the shipper via Internet. Millogiciel has innovated again with e-com business solutions.

Millogiciel major achievement in 2001 is our MILLOTAXES software. It's now available for the trucking industry.

MILLOTAXES allows you to enter your truck mileage and gas consumption by state or province. MILLOTAXES will manage your database. It allows you to print reports, such as fuel billing, tax credit or taxes to pay in each Canadian province and/or American State.

MILLOTAXES allows you to concentrate on what you do best, transportation. We will manage the conversion in miles, kilometer, liters, gallons, Canadian or American currency. MILLOTAXES will complete the I.F.T.A report.(International Fuel Tax Agreement)

Millogiciel's innovative software will manage your fuel taxes. You can download the user's guide from our web site WWW.MILLOGICIEL.CA. And the good news, it's free.

Millogiciel's president, Mr. Patrick Millard explains: " Our market place is unique. We exist because you have needs. We have business solutions for you. Our industry is in constant evolution and the "Millogiciel du Camionnage mc" will make you more efficient. It's my way to say, thank you."

You can download [Millotaxes](#) now.
